Dear Member Entity:

We need the following information in order to compute the 2025 No New Revenue rate calculation for your entity:

2026 tax levy needed to satisfy debt service:

Debt: \$ 458,735

“Debt” means the interest and principal that will be paid on debts that:

- are paid by property taxes,
- are secured by property taxes,
- are scheduled for payment over a period longer than one year and
- are not classified in the unit’s budget as M&O expenses.

Debt also includes contractual payments to other taxing units that have incurred debts on behalf of this taxing unit, if those debts meet the four conditions above. Include only amounts that will be paid from property tax revenue (or additional sales tax revenue). Do not include appraisal district budget payments. List the debt in “Schedule B: Debt Service.” If using unencumbered funds, subtract unencumbered fund amount used from total debt and list remainder.

Schedule A – Unencumbered Fund Balances – The following estimated balances will be left in the unit’s property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.
